 $1.\mathbf{--}\mathbf{Small}$ Parcelsmay be sent by Post at Book Rates between Hongkong and any of the British Post Offices in China, as well as to Japan. Macao, Pakhoi, the Straits Settlements, and India, They must not exceed the following dimensions. 2 feet lang, 1 feet broad, 1 foot deep, weigh more than 5lbs., nor be smaller than 3 in, by 2 in. by 2 in. Such parcels may be wholly closed if they bear this special endorsement. Parcel, containing no letter, but any parcel may be opened by direction of the Postmaster General. In the Case of Parcels for India a declaration of contents and value is required, a printed form for which is for India is compulsory.

Many boxes of letters are received at the Post Office not sealed, that is to sav, the box is fastened with sealing wax, but there is no impression of a esal. The attention of boxholders is called to the necessity of carefully sealing such boxes with some recognisable seal, and of sending a chitbook or receipt with them. The omission of the latter procaution leaves a doubt as to whe-Post Office: the omission of the former, as to whether part of them might not have been abstracted for the sake of the Postage Stamps.

> When it is desired to forward letters to the United States by a sailing ship which is not no. tified as carrying a mail, it is only necessary to post the letters in the ordinary way, marked with the name of the ship, and prepaid 10 cents per half ounce as usual. The Post Office then undertakes the duty of obtaining notice of departure and despatching the correspondence. It is requested that the letters be posted if possible at least one day before the date fixed for sailing

> TEA MUSTERS. Persons who send Musters of Tea through the Post in Tips are requested to have them made flat or square instead of round, as it is impossible to pack round tine securely in the mail bags. It is believed that the tea will travel more safely in nat tins, which are not so liable as round ones to be bulged in. 4 by 8 by 15 inches is suggested as a good sise. The time should not have sharp corners.
